New
Renault TRAFIC

A Trafic for every profession

Instantly distinguishing New Renault TRAFIC is a more expressive front-end design, with full-LED headlights incorporated into the C-shaped lighting signature that represents the identity of the Renault line. A bolder grille, with details such as a new holder for the Renault logo and chrome finishing strip, plus a new 'Urban Grey' colour complete the revised styling.

Your everyday activity is unique. New Renault TRAFIC has been reinvented in order to meet your specific needs. In its various versions, from the Panel Van to the Crew Van, you will find the one which will help you achieve the best performance. In addition to its remarkable loading capacities, it now has an updated design, a 2.0l engine and an automatic gearbox which makes for an even smoother driving experience.

Strong personality

New Renault TRAFIC re-asserts its style and stands out from the outset. The front-end panel, front grille with chrome and C-shape light signature with full LED lighting combine dynamism and robustness. More than a van, New Renault TRAFIC is designed to improve your comfort and safety.

A 'Mobile Office' on wheels

The New Renault TRAFIC has been specifically designed to meet your professional needs and provide you the ability to have a truly 'Mobile Office', packed with clever solutions. From tablet and smartphone cradles, to hidden laptop storage, to our integrated MediaNav system, we aim to keep you connected even when on the go. The cabin area is spacious and comfortable, creating optimal driving conditions with ergonomic seats with lumbar adjustment, adjustable steering wheel and climate control all available. It is not lacking in useful storage: 90l, including a large 54l compartment hidden under the passenger bench seat, allow you to have everything within easy reach.

Adapted to your team and your load

Whether it's people or goods, New Renault TRAFIC takes care of everything! With a class-leading loading length of 4.15 m (using the load-through bulkhead under the passenger bench seat) and an effective load volume of up to 8.6 m³, it can transport all materials, tools and large or cumbersome objects! The large sliding side doors and the rear doors which open up to 255° facilitate access to the loading area. Do you need to take your team with you? The crew van version can comfortably seat up to six people. Combine business with pleasure with New Renault TRAFIC.

Keeping you connected

Stay connected thanks to New Renault TRAFIC's multimedia systems and Renault Easy Connect services. MediaNav Evolution (standard on Sport) and R-LINK Evolution (optional) have smartphone integration so you can use your favourite applications on the large touchscreen on the dashboard. You also have the R&Go application linking your smartphone or tablet to your vehicle allowing you to control your entire multimedia universe.

1. With MediaNav Evolution, all the multimedia essentials are at your fingertips.

The new offering has Apple CarPlay and Android Auto™ smartphone integration, providing easy access to your applications. On-board touchscreen tablet which gives you access to features such as: navigation with traffic info, hands-free voice calls, digital radio, music streaming, etc.

2. R&Go, integrate your smartphone or your tablet

Listen to your music, manage your contacts, navigate accurately, view fuel consumption data... with the R&Go application, it couldn't be easier, all you need to do is place your smartphone or tablet on the holder and follow the instructions.

3. Even more customisation with R-LINK Evolution.

Vehicle information, TomTom® navigation, telephony, multimedia and applications can be downloaded via the R-LINK Store, to enhance your driving comfort. Also find all your applications thanks to the smartphone integration.

Android Auto™ is a trademark of Google Inc.

Apple CarPlay is a trademark of Apple Inc.

For compatible devices, please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>

Connecting a mobile phone to use Bluetooth® should only be done when the car is parked safely. Use of the system should always be in accordance with the rules of The Highway Code. Drivers should only use the system when it is safe to do so. Drivers should be aware of the potential for hands-free technology to distract attention from the road, which could impact on having full control of the vehicle

New Traffic Passenger

Enter a new dimension

The notion of space in New Renault TRAFIC takes on a new meaning: the seats (for up to 9 people) have plenty of room for you and your passengers, with no compromise on luggage space, thanks to the spacious boot. The large glazed surfaces and sliding doors, the airy, light-filled passenger compartment, the storage compartments and the modular layout all contribute to the sensation of comfort. And to make the journey even more pleasant, New Renault TRAFIC is equipped with several power and USB sockets for your smartphones, games consoles and tablets.

The senses have never had so much room to express themselves

Designed to accommodate up to nine people in the most comfortable conditions, New Renault SpaceClass knows how to spoil its passengers. Its modular design and ample space make it popular with everyone. The individual LED reading lamps transform the passenger compartment into a private suite where you can relax or work in total peace thanks to the dark tinted windows. 220 V, 12 V, and USB sockets let you charge your smartphone, tablet, or laptop. With the Prestige option, Renault SpaceClass transforms into a “mobile lounge” with small central folding tables and individual rotating seats on runners with exclusive part-leather upholstery*.

*Bovine-sourced leather.
