CR-V
Plug-in Hybrid

Introducing the Honda CR-V

Redesigned and redefined, the new CR-V is our largest premium SUV with bold imposing styling, new levels of performance, enhanced safety and remarkable comfort.

04 **O1** Plug-in Hybrid

08 **O2** Performance

14 **O3** Exterior

18 **O4** Interior

24 **O5** Technology

28 **O6** Safety

36 Your CR-V

Our powerful and efficient e:PHEV plug-in hybrid powertrain delivers exceptional drivability and features dual electric motors and three engine modes: Electric, Hybrid and Engine Drive, to ensure optimum fuel economy and peace of mind for long distances.

Plug-in Hybrid

O1

CR-V e:PHEV plug-in hybrid

Our new CR-V e:PHEV plug-in hybrid offers an **enhanced EV experience**, by providing a purely electric-powered range of up to 81km*. So, you can enjoy all the benefits of smooth, quiet electric power with low emissions but retain the flexibility of switching to hybrid drive in case you are low on charge.

Recharging is quick and simple, with a rapid charge time of just 2.5 hours via a 6.8kW charger**. You can schedule charge times remotely via the My Honda+ App†, which also provides a virtual dashboard so you can check the amount of charge, driving range and fuel you have. You can also operate the locks, windows and even turn on the climate control before your journey via the app, so your car's interior is the perfect temperature before you start.

**ULTRA-LOW CO₂
WEIGHTED EMISSIONS
FROM 18G/KM***

**MY HONDA+
APP†**

*Range calculated based on the combined WLTP fuel economy of 5.4l/100km and a full tank of fuel.

**Indicative charge times shown, for comparison purposes. A charge from 0-100% can be achieved in approximately 2.5 hours with a 6.8kW AC charger and 7.7 hours using a 2.3kW per hour domestic socket home charging, in optimal conditions such as a temperature around 25°C. Actual charging times may vary depending on various factors including: the age, type, charging capacity, condition and temperature of the charging unit and the battery, the starting charge and environmental conditions such as the outdoor temperature at the point of use. Charge times may be longer in colder weather and if battery temperature activates safeguarding technology.

†Includes subscription-based service.

ance

02

All-round performance

The perfect balance of performance and fuel-efficiency,

the new CR-V delivers the power and torque you need, when you need it.

This is harnessed by four distinct drive modes: Sport, Normal, Econ and Snow, which automatically changes the vehicle set-up to provide the optimum performance, traction and efficiency required for the road conditions. The CR-V also includes a Tow Mode to assist with charge management when pulling a trailer of up to 1500kg.

**MANUAL EV MODE AVAILABLE

ON DEMAND**

**0-100KM/H
IN 9.4 SECONDS**

Smooth, responsive, drivability

Acceleration is smooth and responsive, and the handling precise and stable, even when the terrain gets a little tougher. In fact, you'll enjoy **a truly dynamic and controlled driving experience** wherever your journey takes you.

The Head Up Display helps you stay focused on the road, providing an even greater sense of security. And with features such as deceleration paddles on the multi-function steering wheel and our Hill Descent Control, which delivers secure automated deceleration on steep downhills, you'll always feel in control.

**HILL DESCENT

The car visualised may have a powertrain which is not available in your country, please contact your dealer for more details.

The new Honda CR-V may have a familiar look, but every aspect of the design has evolved, creating a contemporary, distinctive and athletic SUV.

Exterior

A powerful new look

The CR-V is **a powerful presence on the road**, with a sophisticated, yet rugged look, exemplified by its bold mesh grille design, striking alloy wheels, streamlined LED headlights with sequential turn signals, dramatic rear light design, practical roof rails and panoramic glass roof.

It's also a functional large SUV and easy to load, thanks to its wide boot aperture and power tailgate that provides a stop and hold function and a Walk Away Close functionality, which closes the tailgate and securely locks your car if you leave it without locking it.

**SPORTY 18"
ALLOY WHEELS**

**PANORAMIC
GLASS ROOF**

The CR-V's cabin is a place you'll enjoy spending time in, where each element has been designed to create a quiet and uncluttered space for you and your passengers.

Interior

A close-up, low-angle shot of a car's interior, focusing on the leather-upholstered headrest and seat. The leather is dark and features a fine, perforated texture. The stitching is visible, showing a double-stitch pattern. In the background, a sunroof is visible, letting in a soft, blue-tinted light. The overall mood is sophisticated and luxurious.

O4

The car visualised may have features which are not available in your country, please contact your dealer for more details.

Comfort for everyone

We believe everyone's journey should be comfortable, so every seat is now heated. Front seats also incorporate a ventilation function to keep you cool at the touch of a button and feature our new body stabilising technology, with enhanced support for maximum comfort on longer trips.

It's often the thoughtful details that make every drive a pleasure. The steering wheel, for instance, can be heated for cold mornings, the air conditioning has dual directional flow for maximum comfort, leather seats* provide a luxurious feel, whilst ambient cabin lighting creates a relaxed mood.

**LEATHER SEATS
AS STANDARD**

**HEATED FRONT
AND REAR SEATS**

*Combination of genuine and synthetic leather.

Left hand drive vehicle shown for illustration purposes only. In the UK, the vehicle will be right hand drive.

For more information on which grades this and other features are available on, please refer to the specification pages 48-50.

Your life, your space

You pack a lot into your life, so we've designed the CR-V to ensure it'll all fit in. The interior has been created to be **flexible, practical and spacious**, with a sizable boot capacity of 1710 litres* and a host of clever storage ideas including a large central armrest that conceals a huge 9 litres of useful space.

All this space for luggage doesn't compromise space for you and your passengers, with generous leg and cabin room for the rear seats, which, by the way, are reclining and sliding, not only for optimum comfort but ensuring your space is ultra-flexible. The driver's seat also comes with seat memory, programmable to your individual key fobs, so you can feel comfortable as soon as you get in.

**CAPACIOUS
BOOT SPACE**

**RECLINING
FRONT AND REAR SEATS**

*CR-V e:PHEV Advance Tech 2.0 i-MMD. Rear Seat Down Load to Roof (VDA method).

We've packed a whole range of helpful and informative technology into the CR-V, including high-resolution screens and seamless connectivity.

Technology

ogy

05

Keeping you connected

Driver information is delivered clearly and concisely via a high-quality 10.2" digital screen situated behind the steering wheel and a Head Up Display projected directly onto the windscreen, so you can see essential information without taking your eyes off the road.

The central Honda CONNECT 9" touchscreen seamlessly links you to your favourite apps via Apple CarPlay and Android Auto. It also features a navigation system that incorporates a smart fuel-saving option and Honda Parking Pilot parking assist systems to help when reversing into tight spaces.

**PREMIUM SOUND SYSTEM
WITH BOSE SPEAKERS**

**WIRELESS CHARGING
WITH SPACE FOR AN
ADDITIONAL DEVICE**

We are committed to keeping you, your passengers and pedestrians safe, which is why we've included a whole range of advanced driver assistance systems into the CR-V.

Safety

06

Honda SENSING

Honda SENSING is our exclusive suite of safety and driver-assistive technologies and come as standard in all our cars. They are powered by sensors, cameras, and enhanced recognition systems, which have been designed to keep you safe and assist you as you drive.

Collision Mitigation Braking System

If there is the possibility of a collision with a vehicle or a pedestrian, this feature will alert you to the danger as well as reducing your speed to help minimise the severity of any impact.

Lane Keeping Assist System

Keeps you central in your lane with gentle automatic adjustments to the steering wheel.

Cross Traffic Monitor

When reversing, the system detects other vehicles approaching from the left or right behind your CR-V and alerts you with a visual and audible warning.

Adaptive Cruise Control with Low-Speed Following

Helps maintain a safe distance from the car in front by assisting with accelerating and braking.

Road Departure Mitigation System

A newly improved warning system that detects your CR-V crossing over lane or road boundary markings without a turn signal being activated and will apply subtle steering corrections and braking force if required.

Collision Mitigation Throttle Control

Recognises obstacles ahead of or behind the vehicle, and issues audio and visual alerts when stationary or moving at less than 10km/h* if the accelerator is being over-used.

Traffic Jam Assist

Reduces the driver's workload in low-speed, congested traffic by keeping a safe distance from the car ahead and by steering to keep the vehicle in lane.

Honda SENSING 360

With the new CR-V Hybrid, we introduce our most advanced safety system yet – the Honda SENSING 360, which expands the existing Honda SENSING range to 360 degrees around the car, with additional corner radars and cameras in the front. The enhanced range not only covers additional blind spots around the vehicle, helping avoid collisions with other vehicles and pedestrians, but also reduces driver strain while driving.

Collision Mitigation Braking System

Honda SENSING 360 extends the range of the standard CMBS system to include all directions around the vehicle, assisting the driver to avoid and mitigate any collision with another vehicle or pedestrian when entering or turning into a junction.

Lane Change Collision Mitigation System

When you change lanes, the system gives visual and audible alerts, along with automatically steering the car to avoid collision if needed.

Active Lane Change Assist

Working in conjunction with Adaptive Cruise Control (ACC), Low-Speed Follow and the Lane Keeping Assist System (LKAS), it assists with steering when changing lanes and is activated when the driver puts on the turn signal.

Front Cross Traffic Warning

Helps the driver pull out of a driveway or junction safely, by detecting any approaching vehicle, pedestrian or object from the left or right and alerting you in advance.

Cornering Speed Assist

Activated when Adaptive Cruise Control is engaged, the system can detect a bend ahead and reduces your speed from the set limit.

For a complete list of features, visit the Honda website or speak to your local dealer.

Extra smart, extra safe

We've put a lot of thought into alerting you to hazards before they happen. The wide dashboard, for instance, has been designed to provide the widest possible field of view, and cameras with enhanced recognition technology and front and rear sensors are also constantly keeping watch.

Sometimes, it's the **little details that can make a big difference** to your safety, and the CR-V comes equipped with:

Multi-view Camera System

Helps expand the driver's awareness of what's in front, alongside or behind the car and reduce blind spots, with images displayed on the central touchscreen.

Lane Watch

Uses a camera installed below the passenger side mirror to relay an image of the adjoining lane on the central display screen, making it easier and safer to change lanes or make turns.

Active Cornering Lights

When you turn into a bend so do your headlights, which illuminate further into the corner and provide better visibility.

Reverse Auto-Tilt Mirror

Automatically tilts the door mirrors down when you engage reverse, aiding visibility especially in tight spaces.

Adaptive Driving Beam

Automatically adjusts your headlight's light distribution, allowing you to clearly see the road ahead without dazzling oncoming drivers.

Honda Parking Pilot

An automatic, hands-free one-touch parking aid to help you safely fit into the tightest spaces. A combination of Sonar radar and multi-view cameras also enable the CR-V to detect parking spaces even when they are not defined by bay lines.

Advance Tech

Plug-in hybrid

The **Advance Tech** grade includes:

- Honda SENSING 360
- Honda CONNECT
- Five Drive Modes
- Tow Mode
- EV Mode
- LED Lights
- 18" Berlina Black Alloy Wheels
- Black Grille
- Body Colour Bumpers and Fender
- Panoramic Glass Roof
- Multi-view Camera
- Honda Parking Pilot
- Front and Rear Parking Sensors
- Adaptive Driving Beam
- Driver's Seat Power Adjustment with Memory
- Head Up Display
- Wireless Charger
- Keyless Entry and Start
- Heated Rear Seats
- Digital Driver's Display
- Power Tailgate
- My Honda+ App
- Heated Leather Steering Wheel

Colour your life

Choose from a range of contemporary colours that reflect your personality and the dynamic design of the new CR-V.

Alloys

O1

ALLOY WHEEL 18" CR1811

The 18" CR1811 alloy wheel features a diamond-cut A-surface with a shiny clear coat and Jet Black windows.

O2

ALLOY WHEEL 18" CR1812

The 18" CR1812 alloy wheel features a full paint Jet Black finish.

Aero Pack

Enhance the look of your CR-V with the Aero Pack, which further complements the stylish look and feel of the car.

The pack includes: a front aero bumper, a rear lower bumper, a Berlina Black tailgate spoiler and Berlina Black side skirts.

REAR LOWER BUMPER

Complete the look of your CR-V with this rear lower bumper in a body colour and Berlina Black colour combination. It blends in perfectly with the front aero bumper and side skirts.

FRONT AERO BUMPER

Enhance the dynamic look of your car with the front aero bumper. Featuring a body colour and Berlina Black colour combination to give the bumper area a premium feel.

TAILGATE SPOILER

Add some extra sportiness to your CR-V with the tailgate spoiler, which complements the lines of the roof and rear of the car.

SIDE SKIRTS

Give your car an exciting and sporty profile by adding these side skirts.

Items in the pack are also available separately.
Alloys shown are the CR1812 alloy wheels, these are optional and sold separately.
Model shown is the CR-V e:PHEV Advance Tech 2.0 i-MMD in Diamond Dust Pearl.

Utility Pack

A practical pack to make your CR-V the ideal companion on your trips! The all-season mats and boot tray with dividers are handy for autumn and winter, while the door sill trims and side body trims protect your car's paint against dents and scratches.

SIDE BODY TRIMS IN BODY COLOUR

Protect your car from dents while being parked with these side body trims. They keep your paint safe, while retaining the lines of your CR-V.

DOOR SILL TRIMS

The door sill trims add a personal touch to your car while protecting the door sills from marks and scratches. Crafted in stainless steel, they also have an eye-catching CR-V logo. Includes: front and rear trims.

BOOT TRAY WITH DIVIDERS

This waterproof anti-slip boot tray is perfectly shaped to fit your car's rear storage space and will protect the boot from dirt and scratches. Comes with dividers to help secure your items while driving.

FRONT AND REAR ALL-SEASON MATS

These all-season mats with raised edges are made to protect the entire footwell and feature the CR-V logo. They are tough yet easy to clean. The kit includes: two front and two rear mats.

Items in the pack are also available separately.

Model shown is the Honda CR-V e:HEV Advance 2.0 i-MMD in Canyon River Blue Metallic. The car visualised may have a powertrain which is not available in your country, please contact your dealer for more details.

Charging accessories

1. Honda Power Charger

The Honda Power Charger offers a charging capacity of up to 22kW three phase and 7.4kW single phase for faster home charging. There are three variants available: the Honda Power Charger, S and S+, with and without shutter (depending on country legislation).

Also available: MID and M&E compliant variants for billing purposes.

2. Mode 2 charging cable

Portable Electric Vehicle Supply Equipment (P-EVSE) for grid-to-vehicle charging. A protective storage bag is included.

3. Mode 3 charging cable

A charging cable to connect your vehicle to a Honda Power Charger or public charger (single-phase and three-phase variants available). A protective storage bag is included.

Key features

Whether used at home or in business, Honda Power Chargers deliver unrivalled safety, efficiency and ease of use.
