

The Kia XCeed.

The Crossover. Redefined.

Movement that inspires

The Crossover. Redefined.

Life moves fast. You have places to go, people to see, ideas to bring to life. You need a car that can keep up. A car that delivers on the practical side of things, while also bringing you the kind of style, innovation and inspiration that drives you. The Kia XCeed is a crossover that redefines the category. A crossover that offers you impressive functionality, along with all the things that matter most to you. You'll love the bolder-than-ever sporty design. The way the Kia XCeed demands to be noticed. The smart connectivity features that let you stay in touch on the go. Choose between the powerful petrol or the plug-in hybrid's fuel-saving powertrain which will satisfy your need for both sustainable mobility and high performance. Either way, with the Kia XCeed, you'll discover a crossover designed to match your lifestyle. And go beyond all expectations.

Images shown are for illustrative purposes only and not to US specification.

A striking presence on the road.

From every angle, the expressive, sculptural design grabs your attention. Clear, strong proportions create an undeniably bold stance and an iconic silhouette that's instantly recognisable. The Kia Xceed pays attention to every detail: impactful new LED rear combi lamps offer high-tech, progressive optical design. The sporty lower diffuser, side sill insert in matching body colour and high-gloss black roof rails add eye-catching style. Edgy, eye-catching enhancements in the GT-line include new LED taillights, a dedicated grille and a revamped bumper. Dark satin chrome inserts and the GT-line's new dedicated 18" alloy wheel design round off the crossover's athletic appeal, and elevate the sporty aesthetic even further (grade dependent).

Images shown are for illustrative purposes only and may not be UK specification.

Interior.

An immersive journey for everyone.

A space that sparks your language.

The Kia XCeed offers you a balance of comfort, sportiness and style. Most importantly, it's made to revolve around you. Inside the cabin, you'll find a space where you'll feel both at ease and in control, thanks to sophisticated details, premium materials and a clean tech aesthetic. The D-Cut steering wheel with striking GT-line emblem feels as good as it looks. The black headliner, perforated leather gear knob and stylish grey stitching on the leather seats add to the crossover's distinctive style and to the pleasure of every ride.

Dashboard Interior. The Kia XCeed redefines what functionality looks like, with sleek design, smooth finishes and sporty touches. Everything you need is right where you need it. Starting with the stand-out themes for the 12.3" digital cluster (grade dependent), and the new automatic gear shift panel in glossy black. A new rear-view mirror with thin bezel gives an added touch of sportiness to the cabin, while newly designed control labels keep the latest tech features conveniently at your fingertips.

Cutting-edge ways to stay in touch.

Ideas don't keep office hours. Inspiration can strike any time of the day or night. Maybe it's a place you've never visited, or a call you've been meaning to make for ages. Perhaps a friend you need to see. Well, with its full range of advanced connectivity features and innovations, the Kia Xceed lets you keep the world as close as you need it to be.

10.25" Navigation System. Navigation, information and entertainment are seamless and stress-free thanks to the sleek 10.25" navigation system (grade dependent).

Build your Xceed

JBL sound system. Every journey needs a soundtrack. Whether it's the local radio station, your favourite podcast or an album you never get tired of hearing. With the JBL sound system, you'll want to linger behind the wheel. Eight speakers and advanced Clari-Fi music restoration technology deliver premium, high-definition sound for all your listening pleasure (grade dependent).

Build your XCeed

Wireless charging. Functionality is key in the Kia XCeed. And since few things are more essential than a fully charged smartphone, you'll find the high-speed wireless charging bay an inspired addition to the cabin (grade dependent).

Rear Seat USB-C charging ports. Everyone has the power in the Kia XCeed – including your rear passengers, who have a handy USB-C charging port to keep them connected and in-charge while on the go.

For all the moments ahead.

Life can take us to all sorts of places, to journeys near and far, to roads known and unknown. With the Kia XCeed, we wanted to create a car so comfortable and flexible that you'll always be ready to go. To travel an extra mile or stay another night away. With a spacious interior, a generous amount of boot space and foldable seats, you'll have more than enough room for everyone. For that little added enjoyment, you'll find heated and

40:20:40 flat-folded seats.

Because your comfort and convenience are at the heart of the Kia XCeed, your seats fold 40:20:40 (grade dependent).

Heated

Integrated memory seat button.

Don't even think about it.

Integrated memory seat buttons will make sure you're comfortable on every ride just the way you like it (grade dependent).

Heated steering wheel.

It's the small things that can make all the difference, and the Kia XCeed has thought of everything. A warm steering wheel on a cold day will go a long way to making your journeys even more enjoyable (grade dependent).

Heated seats. Stay cool or cosy.

The Kia XCeed boasts front and rear seats which can be heated on cooler days to keep you nice and warm. The seats warm quickly and then stay at the temperature you've chosen for as long as you need.

Make it yours.

There's no doubt that the new Kia XCeed is designed to make a statement. And of course, you get to have your say, too. Pick and choose between a range of stylish and sumptuous interior options, composed of carefully selected and beautifully crafted materials and trims. A sure-fire way to make your crossover truly yours.

Build your XCeed

Performance & Safety.

Less time for worry, more time
for inspiration.

The combination of power and grace.

In the Kia XCeed, you'll find each drive to be an absolute pleasure. Expect dynamic, fluid performance on the road thanks to a range of powertrains which can be configured with 6-speed manual or 6-speed dual clutch transmissions (DCT available with Plug-In Hybrid only). Gear changes are seamless with paddle shift levers that allow you to smoothly transition from gear to gear without taking your hands off the wheel.

Lane Following Assist. It controls acceleration, braking and steering depending on the vehicles in front, making it easier and safer to move in traffic jams. The system uses a camera and radar sensors to maintain a safe distance to the preceding vehicle and monitors road markings to keep your car in the centre of your lane.

Navigation-based Smart Cruise Control. Rush hour is a breeze with Navigation-based Smart Cruise Control. The system allows you to maintain a set speed of your choosing, as well as a safe distance from the car ahead. Sensors track the distance between vehicles and reduce or increase speed to maintain it without exceeding the set cruising speed (grade dependent).

Blind-Spot Collision-Avoidance Assist. Another innovative assistive technology to make your time on the road safer and stress-free is the Blind-Spot Collision Warning system. A feature which uses a front camera and rear radar sensor to monitor blind spots and warn of oncoming cars via a symbol in the side-view mirror (grade dependent).

Driver Attention Warning. With the smart Driver Attention Warning feature, you'll be cautioned when you need to refocus on the road. You'll also receive a warning when the car ahead restarts after a standstill.

[View XCeed Offers](#)

Rear Cross-Traffic Collision-Avoidance.

Hassle-free reversing is here. The Rear Cross-Traffic Collision-Avoidance system uses rear-mounted sensors to detect oncoming cars when you're reversing out of a parking space or driveway, helping to avoid and prevent rear collisions.

Automatic transmission. The Kia XCeed redefines sporty driving in both performance and looks. On top of offering fuel economy akin to that of a manual-operated gearbox, the dual-clutch transmission offers clutch-less driving with seamless and swift transition between its six gears (Available with Plug-In Hybrid)

Cluster. Enjoy every journey to the fullest knowing that everything which requires your attention is right in front of you. The refined yet sporty instrument cluster offers a widescreen display and high-definition graphics so that you'll have the full picture at all times.

HEV button. Smooth and seamless is the name of the game with the Kia XCeed. The Hybrid/Electric (HEV/EV) button on the centre console lets you switch between electric and hybrid mode. Ideal for urban driving, EV mode prioritises electric-only energy for emissions-free driving*. In HEV mode, it operates both energy sources, changing between using only the petrol engine, only the electric engine or both, depending on the terrain.

Drive Mode Selection. Give your driving pleasure a boost with the Drive Mode Select button, which can be easily changed via the Sport switch on the centre console. Together with the dual clutch transmission, it increases driving dynamics by providing an enhanced throttle response and acceleration from idle, as well as optimising performance while overtaking. Drive Mode Select also offers better steering response and perfectly complements the 18" alloy wheels for a thoroughly dynamic drive.

Build your XCeed

Accessories.

Intriguing ideas. Inspired choices.

Accessories

When every opportunity is an adventure waiting to happen, the Kia XCeed has a whole range of accessories to match your thirst for embracing it. From a quick weekend away, to sporting adventures or big shopping excursions, our range covers all your needs including handy extras to personalise your experience. It also includes many stylish solutions to emphasise the dynamic looks of your XCeed. Whatever you're looking for,

Door mirror caps, chrome optic. Attention to detail can make all the difference. Raise the overall visual impact of your XCeed by complementing its exterior styling with these highgloss stainless steel mirror caps. Also available in a brushed stainless steel finish.

Tow bar, detachable. Whenever you have substantial cargo in tow, this top-quality corrosion-resistant steel tow bar is ideal for efficient transportation. With the featured 3-ball locking system it can be detached simply, securely and discreetly. Please consult your dealer regarding the maximum towing load capacity for your vehicle. Fixed tow bar also available.

Aluminium roof bars and roof box. Light and easy to install, these strong and perfectly fitting aluminium cross bars help you transport all you could possibly need on your next adventure. You'll probably need more luggage space than usual while on an adventure. Before you start cramming things in your cabin, enjoy the comfort of this sleek and durable roof box. Easy to install and with dual side opening for extra-fast access.

Boot mat. Whether you're transporting your pet, your weekly shopping or your family's luggage this made-to-measure boot mat will keep your boot looking clean, new and stylish in the long run. Made from high quality velour and featuring the Kia logo.

Rear bumper trim line, chrome optic. A small detail, with a sophisticated touch. Introduce this refined surface finish to your rear bumper in delicate dark stainless steel, for a sleek accent along your rear bumper. Also available in a brushed stainless steel finish.

[Check Accessories](#)

Kia Charge.

In control of your charge status.

Electrify your journeys.

The future is electric. And the Kia XCeed Plug-In Hybrid makes low-emission driving as dynamic as it gets. You'll move swiftly and smoothly between electric and hybrid mode. Finally, charging is easier than ever. You can do it either from the comfort of your own home or on the go.

Smart Technology. At the touch of the Hybrid/Electric (HEV/EV) button located on the centre console, you can prioritise between electric and hybrid mode. In EV mode – ideal for urban driving – the XCeed Plug-in Hybrid prioritises electric-only energy for emissions-free driving*. In HEV mode, it operates both energy sources, switching between using the petrol

Charging socket. An integrated charging socket allows you to charge easily every time – from the comfort of your home, or at any public charging station. For a full recharge, you'll need just 2 hours, 15 minutes.

Charging indicator. Keep track of your charging status with the handy charging indicator. Located within the speaker grille in the middle of the dashboard (and easily visible even from outside the car), the indicator's three LED lights activate as you plug in to charge and keep you informed of the charging status and battery level.

Public charging made easy...

Anxious about using multiple apps and accounts for charging across different public networks?

Worry not, Kia Charge gives you access to the vast majority of UK public charging networks including bp pulse, Pod Point, Source London, Instavolt, Shell New Motion, Osprey, Char-gy, IONITY and more. In addition, it works in 28 other European countries in exactly the same way as it does in the UK so you can travel long distance without any worries*.

The only app you need

You can start charging using either the app or dedicated card. And you don't have to make any payment on site: Everything is handled as part of a monthly, itemised billing process.

Reliable, up-to-date information

You have all information at your fingertips. You can apply a range of filters to find the right station, with up-to-the-minute information about availability and pricing.

Transparent pricing with monthly payment

There are two base tariffs to choose from. 'Easy' is a no-commitment tariff for light users of public charging while 'Plus' is for those who tend to charge away from home more often.

Best value with a range of bolt-on subscriptions including IONITY

You can add up to two bolt-on subscriptions - for bp pulse and/or IONITY - to benefit from the best value possible when charging within these networks.

For more information, visit kiacharge.com or download the mobile application.

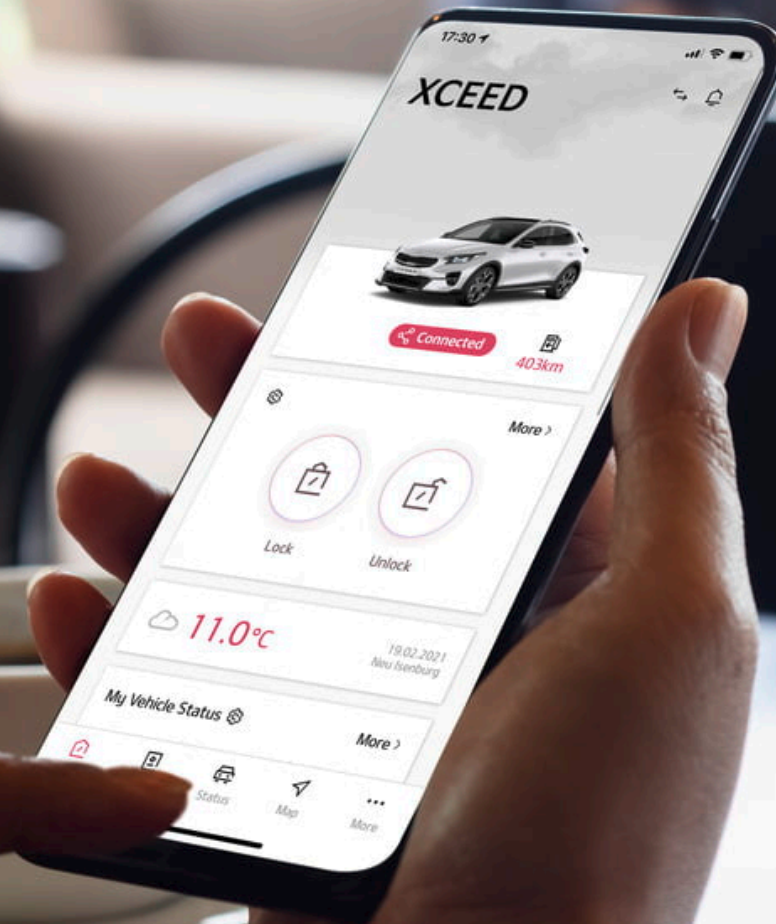

*Charging outside of the UK is subject to the visited country's Easy tariff, regardless of your UK subscription.

Kia Charge and [KiaCharge.com/gb](https://kiacharge.com/gb) are offered by Digital Charging Solutions.

Kia Connect.

Your free seven-year connected services.

Kia Connect... Your free seven-year connected services.

Kia Connect opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia Connect app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

In-car services

Your free seven-year Kia Connect, once activated, uses your vehicle's embedded SIM card to connect it to the world of live data.

Real-time traffic information

Your navigation system uses live traffic information to recommend the best route and dynamically predict the most accurate arrival time.

Speed cameras and danger zones

Be alerted to speed and traffic light cameras, and to areas where accidents are particularly common.

Weather information

With up to three days' weather forecast available, you can check weather conditions at your destination.

Points of interest

Are you looking for a place to eat, a local business or the nearest ATM? All this information and more is easily accessible via your Kia's live, connected directory.

Parking

Kia Connect helps you find available parking locations. It shows on- and off-street parking locations, including prices and likely availability.

Fuel station information

The system shows you the nearest petrol stations and prices to plan a refuelling stop.

Charging station information (electric and plug-in hybrid vehicles only) Your car gives you the location of charging stations, with useful information such as availability and charging speeds available.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music all while staying focused on the road.

Android Auto™ is designed to keep you perfectly connected to your phone while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Mobile application services

Once Kia Connect is activated in your Kia, it gives you access to a wide range of useful functionalities through the Kia Connect (UVO) mobile phone application (available on AppleTM and AndroidTM).

Find my car and first/last mile navigation

You can check the location of your car from your smartphone. Your app can also use augmented reality to guide you to your car. When driving and parking before reaching your exact destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

Vehicle status

The Kia Connect app gives you an overview of your Kia's status including fuel/battery level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle's functions isn't working properly. You can also use the app to consult information about your past trips or to obtain a summary of key stats for your past month's driving.

Notifications and remote door control

You get warned if your vehicle's anti-theft alarm is triggered or if you left your doors unlocked. What's more, you can lock and unlock doors from your phone, wherever you are.

User-profile-linked vehicle settings

Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.

Valet mode

Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to an airport's valet parking service.

Kia services are available free of charge for a period of 7 years commencing on the day the vehicle is sold to the first owner of the vehicle and may be subject to change during that period. You need a smartphone with iOSTM or AndroidTM operating system and your own data plan to operate the Kia mobile apps. Your Kia needs to be in a location with Vodafone signal to connect to these services.

For new vehicles sold from May 2021, Kia offers, per vehicle, two free-of-charge updates of the maps in the vehicle's navigation system and of the Head Unit software using the so-called "over-the-air" method ("OTA Updates"). Once the two free-of-charge OTA Updates have been consumed, you will be able to get updates of the maps in the vehicle's navigation system and of the Head Unit software only (i) by accessing the following web page <https://update.kia.com/EU/E1/Main> or (ii) at a dealership.
