Connectivity & Convenience
Stay seamlessly connected.

Connectivity & Convenience

Integrated curved displays.

Dual 12.3" curved displays put navigation, infotainment & more at your fingerprints - sleek, smart, and driver-focused.

Kia Digital Key 2.0

Unlock your Sportage with your phone. The Kia Digital Key 2.0 lets you share access with up to 7 other drivers.

Movement that inspires

Safety

Enhanced safer driving.

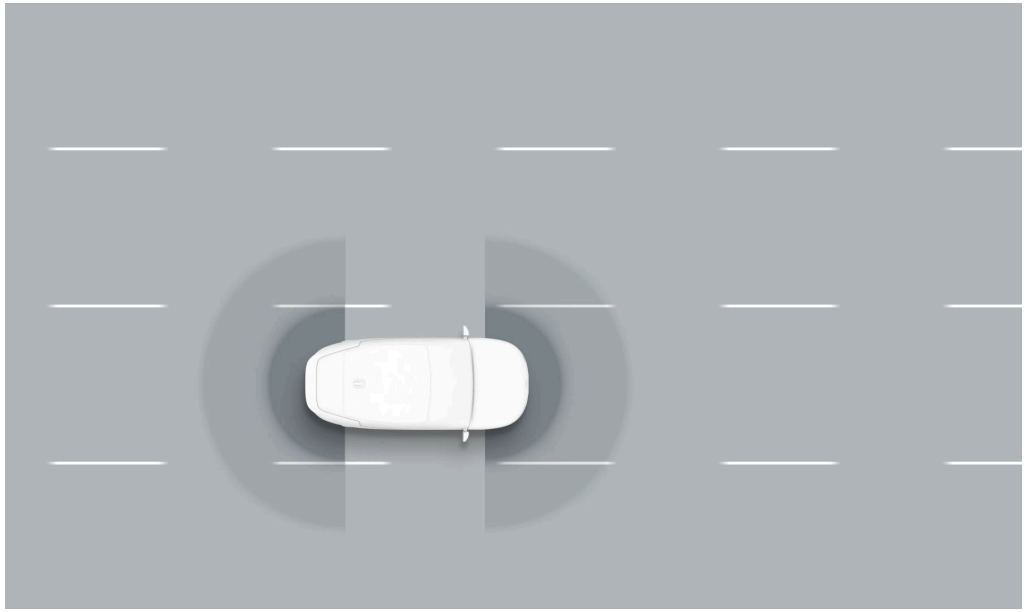

Intuitive safety features.

The new Sportage takes your driving experience to the next level with cutting-edge safety features and tech innovations. Equipped with the latest driver assistance systems, it helps you avoid potential hazards, gives you greater control on the road, and assists with parking too.

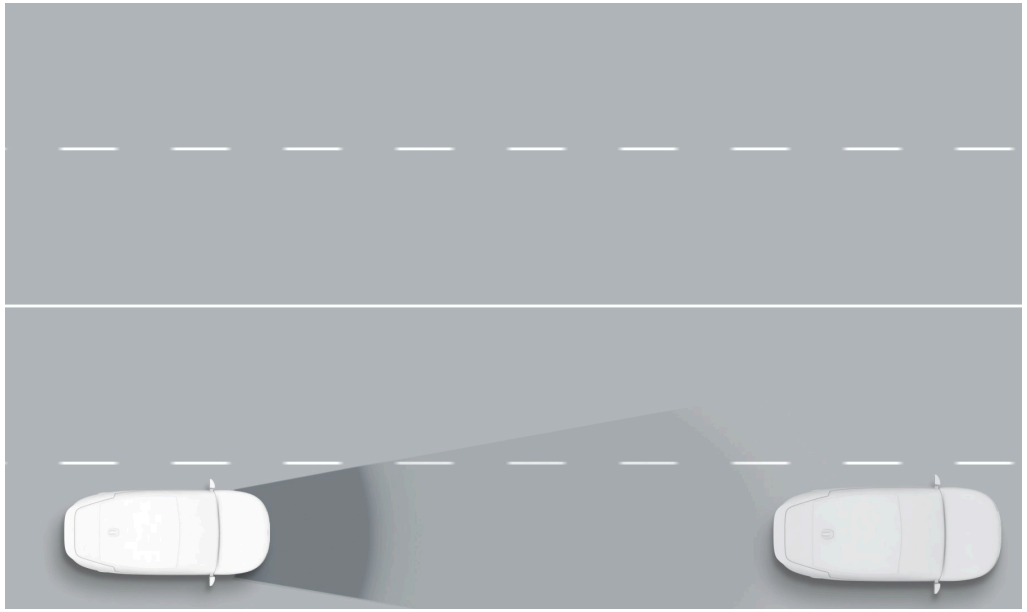

Technologies for safety and convenience.

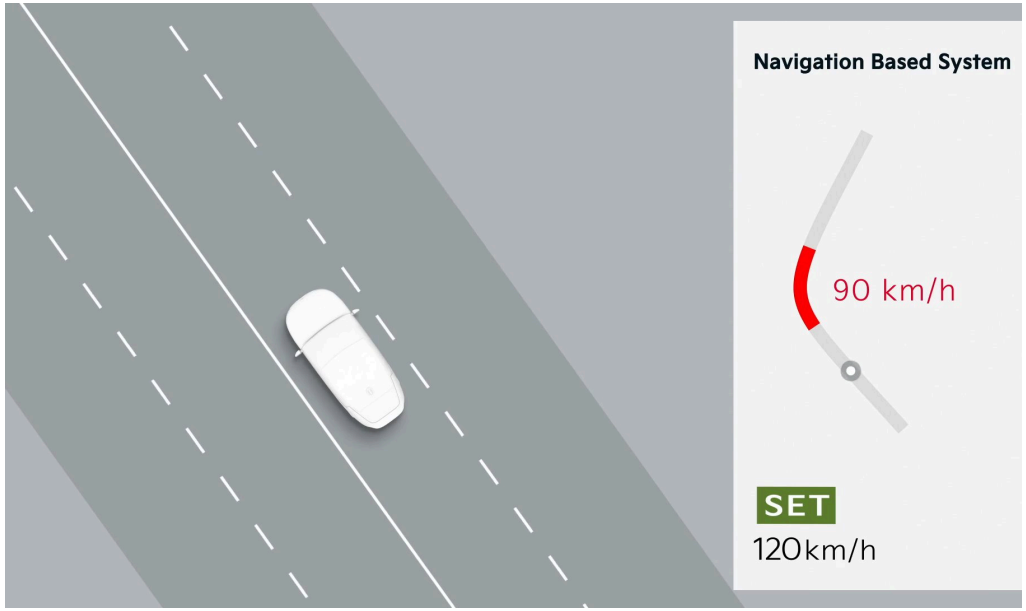

Blind-spot Collision Avoidance Assist (BCA)

BCA warns you if there is a risk of collision with a rear side vehicle in the blind-spot while changing lanes.

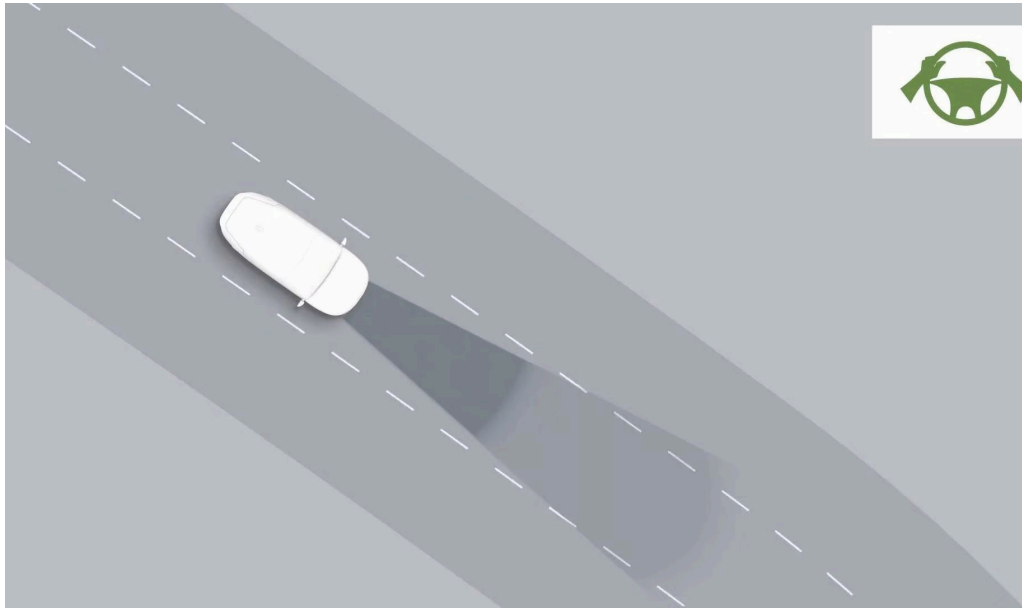

Forward Collision-Avoidance Assist.

FCA 2.0 gives you added peace of mind and helps you to avoid any potential collisions with pedestrians, cyclists and other cars on the road. If you are not applying the brakes hard enough to avoid a collision, your Sportage will do it automatically.

Navigation-based Smart Cruise Control (NSCC).

This technology helps to maintain a safe speed according to road conditions while driving on a motorway. It automatically reduces speed in sections of highways with tight curves, in order to keep the driver and passenger safe.

Highway Driving Assist 2 (HDA 2) with Hands-On Detection

HDA 2 with HoD automatically adapts your target speed to meet the limit, while keeping you at a safe distance from the vehicles ahead. The upgraded hands-on detection sensors on the steering wheel detection sensors on the steering wheel detect whether you are touching it, even without movement.

Kia Connect... Your free seven-year connected services.

Kia Connect opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

In-car services

Your free seven-year Kia Connect, once activated, uses your vehicle's embedded SIM card to connect it to the world of live data.

Real-time traffic information
Your navigation system uses live traffic information to recommend the best route and dynamically predict the most accurate arrival time.

Speed cameras and danger zones
Be alerted to speed and traffic light cameras, and to areas where accidents are particularly common.

Weather information
With up to three days' weather forecast available, you can check weather conditions at your destination.

Points of interest
Are you looking for a place to eat, a local business or the nearest ATM? All this information and more is easily accessible via your Kia's live, connected directory.

Parking
Kia Connect helps you find available parking locations. It shows on- and off-street parking locations, including prices and likely availability.

Fuel station information
The system shows you the nearest petrol stations and prices to plan a refuelling stop.

Charging station information (electric and plug-in hybrid vehicles only) Your car gives you the location of charging stations, with useful information such as availability and charging speeds available.

Works with Apple CarPlay

Apple CarPlayTM is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music all while staying focused on the road.

androidauto

Android AutoTM is designed to keep you perfectly connected to your phone while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Mobile application services

Once Kia Connect is activated in your Kia, it gives you access to a wide range of useful functionalities through the Kia App (available on AppleTM and AndroidTM).

Find my car and first/last mile navigation
You can check the location of your car from your smartphone. Your app can also use augmented reality to guide you to your car. When driving and parking before reaching your exact destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

Vehicle status
The Kia app gives you an overview of your Kia's status including fuel/battery level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle's functions isn't working properly. You can also use the app to consult information about your past trips or to obtain a summary of key stats for your past month's driving.

Notifications and remote door control
You get warned if your vehicle's anti-theft alarm is triggered or if you left your doors unlocked. What's more, you can lock and unlock doors from your phone, wherever you are.

User-profile-linked vehicle settings
Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.

Valet mode
Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to an airport's valet parking service.

Kia services are available free of charge for a period of 7 years commencing on the day the vehicle is sold to the first owner of the vehicle and may be subject to change during that period. You need a smartphone with iOSTM or AndroidTM operating system and your own data plan to operate the Kia mobile apps. Your Kia needs to be in a location with Vodafone signal to connect to these services.

For new vehicles sold from May 2021, Kia offers, per vehicle, two free-of-charge updates of the maps in the vehicle's navigation system and of the Head Unit software using the so-called "over-the-air" method ("OTA Updates"). Once the two free-of-charge OTA Updates have been consumed, you will be able to get updates of the maps in the vehicle's navigation system and of the Head Unit software only (i) by accessing the following web page https://update.kia.com/EU/E1/Main or (ii) at a dealership.
